Advisor Newsletter

Peterborough, Ontario

Hello advisor,

Despite rising inflation, increased interest rates and global economic instability, our flagship product, the Frontenac MIC, finished the year **with a 6.02 % rate of return.**

How did we do it? We stayed true to the conservative investment strategy that has generated reliable annual returns for the past **40 years.**

Learn more about our 2022 performance, our outlook for 2023 and more in this issue of our advisor newsletter.

Best regards,

Gord

Gord Ross, CFP

It's time for some Alternative Thinking

Listen to a recent CAASA podcast as Gord Ross describes how W.A. Robinson Asset Management provides quality income to our investment clients.

Listen 

Advisor Resources

With market instability and soaring interest rates, there is a lot in the news about the potential for Canadians to default on mortgages. We looked at the data and saw no cause for immediate concern.

Q: How is the Frontenac MIC offered?

A: Uniquely, by prospectus

The Frontenac MIC is Canada's only unlisted, prospectus-offered mortgage investment corporation. This is just one of the ways we've made it easier for advisors to work with us over the past 40 years.
